

HOSPITALITY & ENTERTAINMENT PROJECTS

ENERGY AIR, INC.

Nobody Works Harder.

Whether it's a design-build hotel project, a critical equipment change-out during theme park hours or a confidential new attraction, you can trust you're getting the highest quality, professional service with Energy Air. We specialize in performing the HVAC scope for a variety of hospitality/entertainment projects, including hotels, restaurants, clubhouses, community recreation centers, conference centers, theme parks and rides, theatres and more.

"I would like to take this opportunity to commend Energy Air, Inc. on an outstanding performance on the Disney Contemporary Resort (Bay Lake Tower) project recently completed. Their team provided a level of service second to none on this project. From underground coordination to final commissioning, Mr. Marquez' team exemplified Energy Air's motto of "Nobody Works Harder." I and the rest of our Hardin team wholeheartedly agree that Energy Air and their team of professionals are at the top of their field." ~Scott Lyons, Construction Manager, Hardin Construction Company, LLC.
